Purpose: C of E – encourage Christian distinctiveness, discussed what this meant again.

Worship badges: a few were wearing their badges, one said it was easier if it was worn on their bag.

Worship evaluation forms: we all filled out Evaluation Forms for Collective Worship.

What could be better?

These included – the whole school doing actions for the story, the whole school being asked about the choice of songs / music used. They would like costumes. More fun. Create a new prayer for Collective worship at the end. And one would like more time of quiet.

Outside spiritual space: - on hold again because still have a field is water- logged.

Reminded that we could we have Stars, pictures, twinkly lights in the Quiet reflective space on the field.

AOB: talked about the outside classroom being a potential for a quiet space but often gets too noisy and then pupils are banned from being in there. Could Worship Council be promoters and encouraging of this being a quiet space.

AOB We talked about how we raise the money for Comic relief which was a Christian value – being generosity. Going to ask the teachers about what they are going to do for Comic Relief.
