It was good to see St George's Church so full for our Harvest Service last week, which the children presented brilliantly. Thanks to Reverend Fiona for supporting us again. Today the school is full of colour and craziness for 'Break the Rules' Day. Again this wouldn't be such a success without the help from our PTA—so thanks also to them.

We hope that you have a good half term and we will see everyone **back in school on Monday 31st October!**

AND MORE

The PE & Sports Project uses the combined experience of elite level coaching, training teachers and planning highest-quality PE lessons, to provide the children with a fun, engaging, successful and positive experience.

We use our advanced 'exploration-discovery-competition' model to give the children the independence and responsibility to think for themselves, to solve problems for themselves and to drive their own development.

On top of the highest-quality instruction for the sport itself, the children learn social-emotional skills and awareness in their self-awareness, self-management, social awareness, relationship skills and responsible decision-making.

As well as this they are given opportunities to use their maths and English learning in a fun and different way to the classroom, which children find engaging and rewarding.
