When Cam Hopton was founded in 1730, it was probably never imagined that the roads around the school would need to cope with the demand in traffic that they do now. There is no doubt that parking is an issue that many schools in our area face. We have been receiving concerns from local residents about inconsiderate parking around drop-off and pick-up times. We open the school gates at 8:35am in the morning, partly to try to help alleviate the problems of everyone arriving at the same time. If you have to drive to and from school, please show consideration in your parking so that safety has top priority.

As the nicer weather approaches (hopefully), there will be more of you walking to & from school, meaning more congestion on the paths leading to school. Please could we ask that you are mindful of each other and everyone around you. Thank you.

Dear Friend,

How are you? I am well. My education is going well. I am in Standard 6 and I am learning English, Chichewa, Mathematics, Life-skills, Agriculture and Primary Science, but among all of the above subjects I like English the most. All the best, greetings to everybody. Bye.

As a school we support ActionAid, who believe all children should have an equal chance to thrive ensuring they have enough to eat, an education and hope for the future. Through their child sponsorship programme Cam Hopton is able to sponsor a young girl in Malawi, Grace. Above is our most recent update from Grace. We ask members of our school community to donate their copper coins, to enable us to continue ensuring that Grace, and children like her, are supported throughout their start in life.

If you have any coins to donate, they can be brought in via your child, or brought to the school office. We thank you for your support with this.
